Subject: Des Moines TCE Final Report - IDNR Comment

Hi Tonya,

Mike Williams asked me to look into the question from the Iowa Department of Natural Resources (IDNR) regarding the units reported in the summary tables (Appendix F) of the Des Moines TCE Final Report. I have reviewed these tables and determined that the units for Tables F-2 and F-3 are incorrect. This was a misprint. The units shown in Tables F-2 and F-3 are $\mu\text{g}/\text{cm}^2$ or ng/m^2 ; however, these should have been shown as $\mu\text{g}/\text{kg}$ or ng/kg , respectively. This change also affects Tables 2 and 3 attached to the Focused Feasibility Study. I have made these corrections.

Please let me know if any additional changes are needed or if you have any questions.

Thank you!

Danielle
